

## Pro-Watch® Release 3.7 Lite Edition Expandable Security

Pro-Watch® Release 3.7 Lite Edition is the perfect security management system for entry-level systems because it lets you customise events to fit your needs. And when your needs change, it's easy to expand your system to Pro-Watch Professional, Corporate, or Enterprise Editions. Pro-Watch Lite helps you reduce your workload — not your security.

Pro-Watch Lite offers you a powerful and economical approach to managing your access control, alarm monitoring, badging, and video system interface. Honeywell gives you a new way to increase your level of security, save time and money on the job, and expand your security system as your business grows. The Pro-Watch Lite platform lets you easily upgrade to Pro-Watch Professional, which offers you the extended capabilities of badge printing, mustering, redundancy, intrusion, and video support for Rapid Eye™ digital video recorders.

### Market Opportunities:

Hallmarks of the new Pro-Watch Lite Edition include easy expandability and a sophisticated integration with existing physical security infrastructure. It provides a complete security management solution for smaller or entry-level operations, such as:

- Banks and financial institutions
- Educational institutions
- Retail sites
- Government offices

### CUSTOMER BENEFITS:

- Wizards reduce time required for installation, configuration and set-up
- Windows-based graphical user interface minimises operator training and helps organise tasks efficiently
- User-definable 'drag and drop' hardware templates mean easy system set-up and maintenance

### PRODUCT FEATURES:

- Access Control – Unlimited cardholders, 12 clearance codes per cardholder, unlimited time zones, 255 holidays, up to 32 readers
- Alarm Monitoring – Unlimited monitor points/512 per PW-5000 channel, unlimited operators/passwords, unlimited user-defined cardholder data fields
- Reporting – Definable operator instructions per alarm point and type, defaulted reports/user definable via Pro-Watch Compliance Report Manager\*
